Love to Tanzania

TRAVEL WITH PRINT THE LOVE

It is our vision to visit the poorest countries on each continent and we invite you to come with us! Print the Love offers a once in a lifetime opportunity to travel and experience firsthand the impact and love of giving away instant photos. Led by experienced world-travelers, our trips integrate unique volunteer work on the ground with personalized experiential learning objectives and travel exploration.

Summer 2023, we will travel to Arusha, Tanzania to give away instant photographs to schools, hospitals, and remote villages. We give away as many as we possibly can to children, parents, elderly, sick, poor, and healing. Whether in a schoolyard or the maternity ward, a gift so personal is seldom given in humanitarian efforts. The influence and impact on each person and their families is significant.

WHY GO?

This is so much more than a trip. We offer a unique opportunity to travel abroad as a community of individuals with 3 objectives in mind – 1) honoring and celebrating **others**, 2) honoring and celebrating **ourselves**, and 3) honoring and celebrating **the natural landscape**.

Print the Love is about more than just giving away a photograph to those who have none. It is about hope, love, and encouragement. It is about uplifting others, helping them see the beauty in themselves regardless of their circumstance.

It is Print the Love's vision to see every person on earth feel loved, valued, and celebrated even amidst life's most difficult trials; that all would have access to photographs of family, friends, and life's most cherished memories and milestones.

In addition to serving others with random acts of kindness-love, we believe there is more in us than we know. Traveling changes us in ways that staying in our own environments could never do. This allows us to discover ourselves in a deeper way and become more self-aware. We facilitate personal learning outcomes focusing on self-awareness and self-care on the trip. And by participating in appreciating the natural landscape, we connect with something bigger than ourselves.

WHO SHOULD GO?

You do not need to be a photographer to participate in Print the Love trips! A certain photography skill level is not required – kindness is. Do you want to create intentional time to make a unique impact on other's lives in under-resourced communities, travel to off-the beaten path destinations, experience new cultures, connect with local communities and individuals? Do you desire to work on knowing yourself better and practicing self-care? Then this is the trip for you!

The trip will be led by Ceallaigh Anderson Smart. She is the founder of Print the Love and has broad international travel experience leading groups.
